OUR CLIENTS

A partnership is always a two-way street and one with us is like an express highway. Smooth, efficient and really long.

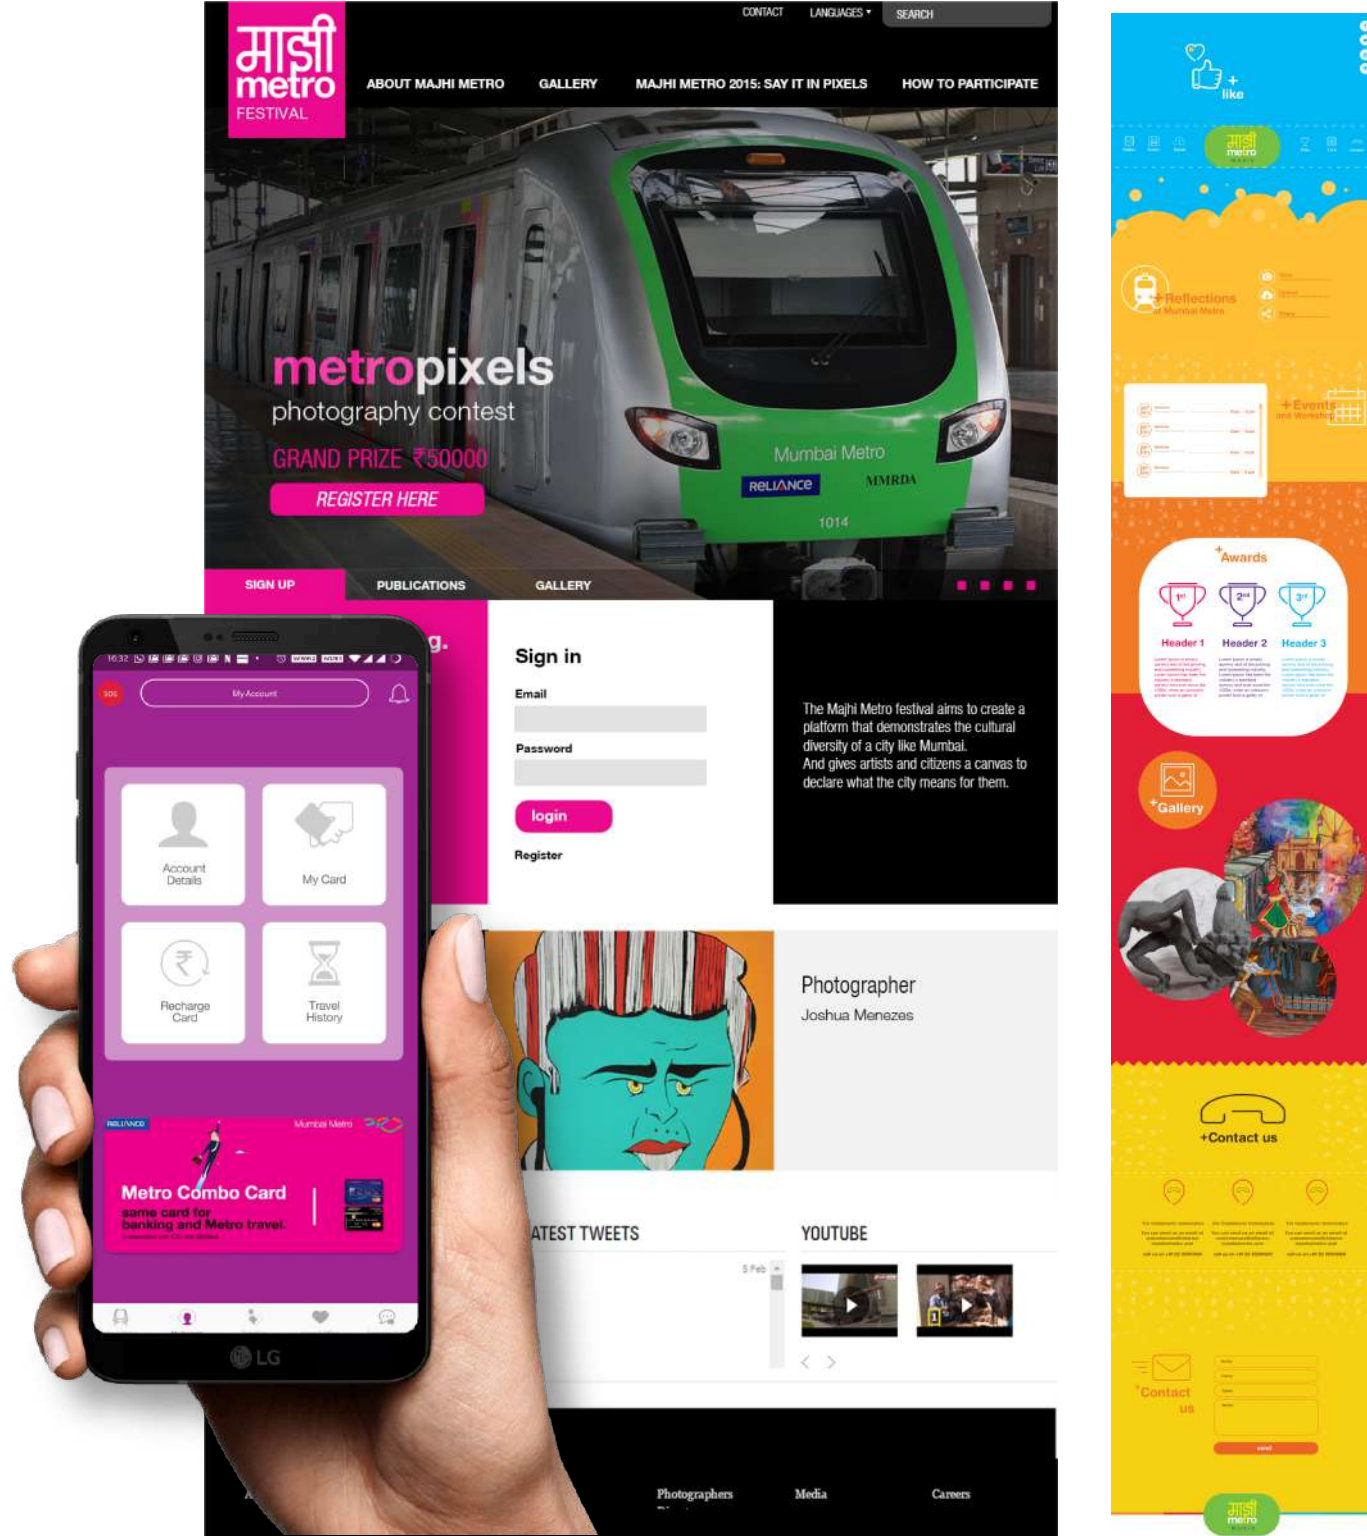

MUMBAI METRO

Mumbai metro has been our client for last 5 years, and we are glad to be helping to be a part of your journey as well.

Mobile app (Android and iOS) for QR code based ticketing system, saving time for customers and opex at metro end

Majhi Metro UGC website which handles a traffic of over 5million people in 8 days!

KIRA

Our work in the FMCG industry revealed that nearly 94% of the \$600 bn Indian Retail Industry comprises of unorganised shops and *kiranas*

We built Kira from the ground up to provide a link between the retail value chain through a data-driven local network

An easy-to-adapt inventory management, CRM and POS platform that allows retailers to manage and optimise their business through process automation and real-time tracking.

MAKING INSURANCE USER-FRIENDLY

The McXtra app needed to be an interactive database of a user's insurance information that

- Converted uploaded images of their policies to documented text
- Provided expert customer support to assist in policy payments, renewal & claims
- Seamlessly consolidated all SOS services into the 'Red Button' for 24x7 assistance

Link: www.mcextra.com

ADAMANTINO

A beautiful balance of design and technology that enables a user to experience the brand and product on a single scroll website.

CSS HTML AngularJS

SMART GORKHA

To fulfill their promise of crime-free homes, we created an interactive website that highlighted that problems for which the brand had solutions, and also designed the app that would help customers manage their security solutions.

Link: <https://smartgorkha.com/>

JAIN FARM FRESH

With Aamrus, they introduced 100% Frozen Pulp as a healthy ingredient option, to a market that was unaware of the product. We created a dynamic website that introduced the product and all of its yummy details to visitors.
